Drg. Title: Cordek Typical Adjustable Cavity Vent / Air Brick Detail

Drawn: SP

Date: 04.07.18

Scale: NTS

Drg. No. ENG/GP/VENT/13

Rev:

Materials :-

Refer to Cordek technical data sheets for full detailed material specification

- A. Cordek Ventform or Cellvent
- B. Cordek Rectangular Sleeved Vent Connector (CGV-001)
- C. Cordek Adjustable Cavity Vent (CGV-011)
- D. Cordek Air Brick (CGV-014 / CGV-015 / CGV-016)

Notes :-

- This detail is issued for guidance purposes only, with final approval required from the designer
- Do not scale from drawing, use dimensions provided
- Detail should be reviewed in conjunction with the appropriate product data sheets
- The intended construction sequence should be considered prior to selection of the appropriate Cordek standard detail to ensure that installation is practical and achievable
- Vent outlet spacing should be based upon the site specific requirements to provide adequate venting to the sub-floor void
